A GREAT fight is being made on impure foods all over the country. In the last 12 months six million pounds weight of adulterated and harmful foods were destroyed by the health department of New York alone. Kentucky is forging to the front in the fight and many grocers are being indicted for selling impure foods. A test of these foods is being made in New Jersey upon guinea pigs, rabbits, Berkshire hogs and dogs. Some of the specimens were thin enough to drop over dead and others were sleek and fat, the latter having been fed on pure food.

AN exchange insists that there was no foolhardiness in President Roosevelt's trip under the water in the Plunger. No crank, nor interviewer, nor office-seeker, nor swollen-headed statesman, nor scheming diplomat could get at him during that secluded and submerged hour and a half. There's this about it, however, our strenuous executive can not say again that he never took water.

THE name of yellow fever carries with it a feeling of dread and fear, but in reality it is not more fatal than typhoid fever or pneumonia. In a total of nearly 2,500 cases at New Orleans there have been less than 350 deaths. A small percentage compared with the other two diseases, both of which are nearly always with us.

THEY are all in it. The Mutual Life, of New York, confesses through its Treasurer that it loans its money to a New York bank without interest. This has been considered one of the most conservatively managed of the insurance companies, but the investigation shows very lax methods of business.

THE State of Texas is doing a noble work for her indigent Confederate veterans. In the fiscal years 1906 and 1907 she will pay \$900,000 to Confederate veterans for pensions, besides expending \$154,538 for the support of the Confederate Home.

MIDDLESBORO must be getting deader and deader. A saloon man there has just made an assignment. It's the cemetery company's time next.

David E. Sherrick, who was ousted from the office of Auditor of State of Indiana by Gov. Hanly, was arrested on the charge of embezzlement.

Secretary Taft and party have sailed from Yokohama for San Francisco. Secretary Taft claims there is no anti-American feeling among the Japanese. The Chinese boycott he declares to be a failure.

Judge Alton B. Parker appeared in Federal Court at Maysville Friday and made an argument in a case involving litigation between two proprietary medicine firms.

Congressman Babcock, Chairman of the Republican Congressional committee, has announced that he will not accept the Chairmanship if he is re-elected a member of the committee.

Judge J. E. Cantrill has notified Chief Justice Hobson that he will not be able to sit during the September term of the Court of Appeals, but expects to resume his place on the bench at the January term. Judge Cantrill is reported as steadily improving.

Former Chief Justice Alton B. Parker, Democratic nominee for President in 1904, charges that the Equitable and Mutual, in addition to the New York Life and other corporations, made contributions to the Republican campaign funds. He insists that drastic legislation is needed to call a halt to the practice, which measurably places the political party receiving such contributions in pawn to the giver.

One of the most remarkable races, probably, ever made in the county was that of W. R. Cook for sheriff. He came out only a few votes behind the winner and it is doubtless true that there are 400 or 500 voters in the county now that would have fallen over each other to get to vote for him if they could have believed he had a ghost of a chance to win on the morning of election.—Somerset Journal.

### CHURCH MATTERS.

Judge Bell Rice, clergyman, author, lecturer and soldier, committed suicide by shooting himself through the head at his home near Louisville. He had become unbalanced through pain due to cancer.

An enthusiastic gospel meeting is in progress at the Christian church, Rev. W. E. Ellis preaching strong, scholarly sermons with powerful gospel appeal. R. M. Hopkins, of Louisville, is leading the choir, says a Shelbyville dispatch.

The Sunday School convention at the Crab Orchard Baptist church beginning Friday night next and continuing over Saturday promises to be largely attended and thoroughly enjoyable. Delegates will be entertained in the hospitable homes of Crab Orchard. A feature of the convention will be President W. J. Brown's address Friday night. Secretary Fox's stereopticon lecture will be given Sunday night. Stanford's male quartette will render a number of selections during the meeting.

"Meerschmum is mined like coal," said a pipe-dealer. "It is a soft, soap-like stone, and in Asia Minor its mining is an important industry."

"The crude meerschmum is called hamtash. It is yellowish white in color, and a red clay coat or skin envelops it. The blocks cost from \$25 to \$200 a cartload. They are soft enough to cut with a knife."

"These blocks in summer are dried by exposure to the sun. In winter a heated room is necessary."

"Finally, the meerschmum blocks are sorted into 12 grades, wrapped in cotton, and packed in cases with the greatest care."

"The bulk of all this meerschmum goes to Vienna. There the best pipe makers in the world live.—Philadelphia Bulletin.

### The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. Penny's Drug Store.

### September.

The golden rod is yellow,  
The corn is turning brown  
The trees in apple orchards  
With fruit are bearing down.

The gentian's bluest fringes  
Are curling in the sun,  
In dusky pods the milkweed  
Its hidden silk has spun.

The sedges flaunt their harvest  
In every meadow nook,  
And asters by the brookside  
Make asters in the brook.

By all these lovely tokens  
September days are here,  
With summer's best of weather  
And autumn's best of cheer.  
—Helen Hunt Jackson.
